Cell Phone Number	
Email Address	
Address Postal Code	
Family doctor in Canada	
Allergies	
Please specify reaction towards above allergy	

Please be advised that our clinic **cannot guarantee** attachment to one of our primary care providers, nor can we guarantee a specific timeframe for this process. Our primary care providers can only accept new patients when they have available capacity. If no space is currently available, you will be placed on a waiting list until the next opportunity opens. We kindly ask that you do not call our office to inquire about when you will be attached to a provider, as we are unable to provide updates on individual wait times.
